Naples, June 27.

THE Minister, charged with the Affairs of France at this Court, having received Advice, by the Way of Malta, of the Accommodation of the Differences between his Court and the Regency of Tripoly, has notified it to all the French Ministers and Consuls residing in the different States of Italy, to the End that they may communicate the same to the French Subjects, in order that they may re-assume their Commerce to the Levant, which has been greatly interrupted. On Tuesday last the 20th Instant, at Night, a Fire broke out in the House of an Apothecary in the Street called the Loggia of Genoa, which soon reduced to Ashes his Shop and four Apartments next to his House, the Damage of which is computed at upwards of 40,000 Crowns. On the 21st we had a terrible Hurricane, which broke into a violent Shower of Rain and great Flashes of Lightning, which killed two Men, and disabled six others, having occasioned likewise some considerable Damages to two Churches and to several Houses.

Rome, July 1. This Government has received very disagreeable Accounts of the repeated Shocks of an Earthquake which happened last Week at Nocera and its adjacent Villages, to the greatest Consternation of the Inhabitants; to whom the Pope, in Consideration of the considerable Damages which they suffered about two Years ago on a like Occasion, has ordered them a free Gift of 4000 Crowns. On the 26th of last Month the Pope, attended by his Retinue and Guards, returned to this City from Castle Gandolfo; and, on the 28th, being the Eve of St. Peter's Festival, he received at the Vatican, from the Constable Colonna, Ambassador Extraordinary on this Occasion from the King of Naples, the white Hackney, being the yearly Tribute for the Kingdom of Naples; which Ceremony was performed with the usual Solemnity in a Cavalcade, attended by the Gentlemen of the College of Cardinals, and those of the Foreign Ministers; and in the Evening the usual Fireworks were played off at the Farnese Palace.

Florence, July 7. We have received Advice by the Masters of two Vessels from Tunis, that the intestine Troubles there were not likely to be accommodated, each Party being very strong; that on the 9th of last Month, the Bey made himself Master of a Fort called the Goletta, by which Means he had distressed his Son very much, by blocking up the City by Sea, and that he had taken into his Service two French Pinks, and two other Foreign Vessels, to guard that Port. The Son remain'd Master of the Town and the principal Fortress called la Gaspa, and had caused all the Provisions he could find to be carried into it for the Use of the Garrison, which had occasioned almost a Famine in the Town; and having discovered a large Quantity of Nitre, he caused near five Quintals of Powder to be made every Day, of which he was before in the greatest Want. The Masters of the said Vessels add, that all the Consuls at Tunis had received strict Orders from the Bey's Son to remain in their Houses, and not to concern themselves with the present Affairs, on Pain of Death. By the Arrival at Leghorn of two Vessels from Algiers, we have received Advice, that the Plague had lately broke out there. The Masters of those Vessels immediately left that Place; and though they brought with them no Goods susceptable of that Distemper, they have been put under a Quarantine of Forty Days, besides the Time necessary for airing the Vessels, which will extend the Quarantine to Fifty Days. All Embarkations from Gibraltar and Port Mahon will be subjected to a Quarantine of Twenty or Thirty Days. We have a Confirmation of the News of an Accommodation between the French Court and the Bey of Tripoly; the Conditions of which are, That the Tripolitans are to pay the Sum of 20,000 Zeeckins to the French, as an Indemnification for the Vessel that had been taken; and that, instead of the Renegado, whom the French Court demanded, the Bey is to give up six French Subjects who were Slaves at Tripoly, with an absolute Promise, that the above Renegado should not hereafter be employed on Board any Vessel, or be permitted to go to Sea on Pain of Death. The Commander of the French Ships of War, who was sent to Tripoly on this Occasion,

[Price Two Pence.]

Occaſion, being ſatisfied with thoſe Conditions, ſent to diſmiſs the Ships that only waited at Malta for his Orders to join him, in order to bombard the Town. On the 24th paſt, being the Feſtival of St. John, Count Richecourt, attended by the Magiſtrates of this City, and a ſuitable Retinue, received, with the uſual Formalities, the Homage from the reſpective Cities, Towns and Feudatories of Tuſcany; and in the Evening, the Race of Barbary Horſes and Chariots was ran for the uſual Prize. On the 29th, being the Feſtival of St. Peter, a ſecond Race of Barbary Horſes was ran, and the Prizes on both Days were won by a Horſe of Prince Corſini's from Rome. We have received Advice, that Count Torretti, Miniſter Plenipotentiary from the Duke of Modena, who went ſome Time ago to Mantua, in order to regulate, with Count Chriſtiani, the Differences long depending between the Court of Vienna and that of Modena, relating to the Confines of their reſpective States in Lombardy, as well as the Navigation of the Po, and the Commerce between their reſpective Subjects, is very ſucceſsful in that Buſineſs, and 'tis thought the ſame will be amicably adjuſted in a ſhort Time.

Dr.

DR. *JAMES*'s Powder for FEVERS, and other Inflammatory Diſtempers, publiſhed by Virtue of His MAJESTY's ROYAL LETTERS PATENT, will remove (as has been experienced in many thouſand Caſes) any continual acute Fever in a few Hours, though attended with Convulſions, Light-headedneſs, and the worſt Symptoms: But if taken in the Beginning of a Fever, one Doſe is generally ſufficient to perform a Cure. *

It is likewiſe a moſt effectual Remedy for all internal Inflammation, Pleuriſies, Quincies, acute Rheumatiſms, and the Lowneſs of Spirits, and Uneaſineſſes proceeding from ſlow and latent Fevers, which are generally miſtaken for Vapours and Hyſterics; and a ſingle Doſe remarkably ſtops the Progreſs of a Cold, and certainly prevents the ill Conſequences ariſing from that very common Diſorder, the Source of almoſt all Diſtempers.

This Powder (which is a very ſafe and pleaſant Medicine to take) is ſold only by J. Newbery at the Bible and Sun in St. Paul's Church-yard, over-againſt the North Door of the Church, at 2 s. 6 d. the two Doſes, with good Allowance to thoſe who buy it for charitable Uſes, or to ſell again.

* See a Diſſertation on Fevers, and other Inflammatory Diſtempers, ſold at the Place above-mentioned. Price 6 d.
